## **FOREWORD**

This report presents a complete listing of proposed capital improvements for Fiscal Year 1978, those projected by Departments for five years through 1982 and those authorized by the General Assembly since 1962. It also includes a compilation of all enacted bond bills except highways since 1962, populations charts for State institutions and provides information pertaining to the legal requirements associated with the Capital Improvements Program. Details of the capital budget are contained in the "Capital and Operating Budget, Fiscal Year 1978."

If information is desired on capital improvement projects authorized prior to 1961, reference should be made to Department of State Planning Publication No. 158 entitled "Capital Improvements Authorized by General Assembly 1955 through 1969" dated October 1969.

## PART I

### 1978 FISCAL YEAR CAPITAL BUDGET, IN BRIEF, INCLUDING DEPARTMENTAL PROJECTIONS OF CAPITAL NEEDS FOR FIVE-YEAR PERIOD 1978-1982 AND RELATED STATE OF MARYLAND BONDED INDEBTEDNESS

#### General Considerations and Fiscal Summary

The Department of State Planning, under its basic legislative authority, serves as one of the Governor's principal staff agencies, and is assigned primarily two major capital improvements budget responsibilities. They are: (1) Preparation of the Governor's annual capital budget, and (2) compilation of a proposed five-year capital improvements program for the State.

The Department of State Planning is required to analyze, evaluate, recommend and schedule for inclusion in the capital budget those projects of greatest urgency and importance operationally, from hundreds submitted, to ensure that the State's physical plant facilities keep pace with program needs and the demands of an ever increasing population. The program classifies projects in accordance with needs and recommends a time sequence for their construction. Also contained therein is the estimated cost of each project and an indication as to the potential impact on operations and maintenance. In preparing the program, the Department of State Planning consults with the Department of General Services and has the collaboration of the Department of Budget and Fiscal Planning. Also, the Senate Subcommittee on the Capital Budget and the House Subcommittee on the Capital Budget participate, along with the above mentioned agencies, in the annual departmental hearings and on-site inspections.

In keeping with its initiation in fiscal year 1976, Capital Budget information will be published as an integral part of the Maryland State Capital and Operating Budget published in several volumes, and entitled, the Maryland State Budget for the Fiscal Year Ending June 30, 1978 Submitted to the General Assembly of Maryland.

The *Capital Projects Fiscal Year 1978* contained herein is a concise portrayal of the capital projects shown along with *Departmental Projections of Capital Needs For the Five Year Fiscal Period 1978-1982*, and *Capital Improvements Authorized By General Assembly 1962 Through 1976* consolidated in a separate publication whose entitlement includes these designations.

The capital improvement programs/budgeting procedure is thoroughly formalized and is continually monitored to implement innovations. It includes the preparation and distribution of detailed instructions and project submittal forms, application of space criteria, departmental hearings and maintenance of close liaison with all State agencies and institutions to thoroughly understand and evaluate programs and facility needs. Currently, the Department of State Planning, with the collaboration of the Office of the Comptroller, the State Treasurer's Office, the Department of Budget and Fiscal Planning and the Department of Fiscal Services has initiated the first steps of an improved and refined process leading to development of a more realistic Five-Year Capital Improvements Program which will include the Capital Budget as well as other separate bond authorization bills, excluding those pertaining to transportation. Specific space/cost relationships are established as between agencies' desires and their real needs by the technical review of programs and master plans.

During the latter part of calendar year 1974, the Legislative Council approved a recommendation by the House Committee on Appropriations that each principal department of State Government prepare by November 1, 1974, a long-range and short-range plan. The Governor, who endorsed this action from its inception, has "directed the Departments of Budget and Fiscal Planning and State Planning, according to their mandated responsibilities, to jointly coordinate agency efforts and to provide the necessary guidance in the development and review of the initial plans. They will cooperate as well in developing and implementing the coordinated framework for continuous planning and budgeting." This is referred to as the "Executive Planning Process." Beginning on May 1st, 1975 and annually thereafter, an updated long-range, short-range plan will be submitted by each principal department. Annual review of these plans by the Department of State Planning is undertaken with joint inputs by the Comprehensive State Planning and Capital Improvement Programs Divisions. Verification for conformance is provided through the Annual Evaluation Report which is to be submitted concurrently with submittal of the Annual (operating) Budget Request to the Departments of Budget and Fiscal Planning and State Planning. To facilitate close coordination with the Legislature, this process involves interaction between the Governor and members of the General Assembly.

Capital outlays in Maryland, excepting transportation facilities which are supported by the Consolidated Transportation Bond Program and some other projects supported by revenue bonds, are financed primarily through issuance of general obligation bonds which pledge the full faith and credit of the State. These general obligation bonds, by constitutional provision, must be amortized within a fifteen-year period and they are fully secured by the State property tax. It should be noted in this regard that a constitutional amendment, Chapter 372, Laws of Maryland 1972, passed by

the General Assembly and ratified in the General Election on November 7, 1972, augmented the State property tax provision. The Amendment does not change the basic conditions but adds that the annual tax shall not be collected if sufficient funds to pay the principal and interest of the debt are appropriated for this purpose in the annual State Budget. This provision, doubtlessly, will continue to bolster the significant fact that for many years the State of Maryland has continuously maintained a triple "A" rating on its general obligation bonds.

Essential capital needs must be provided; however, it is of utmost importance that such outlays, whether through bond funds or provided for in the annual State budget, be held within safe limits so as to maintain the State's long standing triple "A" credit rating. In past years, when fiscally permissible, certain categories of projects have been funded from general fund revenues; e.g., all capital projects costing \$100,000 or less, all equipment items and planning funds. However, because of the general economic situation during fiscal 1972, the financial demands of fiscal 1973, the anticipated economic downturn as a result of the "energy crisis" during the latter part of fiscal 1974 and early fiscal 1975, general funds were not available. Despite the dislocation of the economy in the latter part of fiscal 1975 and the sluggishness evidenced during fiscal 1976 and 1977 which has stifled a sustained increase in growth during the current period, General Funds for capital projects including planning, building, construction, deferred maintenance and equipment have been recommended in the amount of \$6,164,000.

#### Legal Requirements and Directives

1. Each construction appropriation request submitted to the General Assembly for a permanent or long-time construction project must be accompanied with preliminary plans and specifications. (Art. 15A, Sec. 10, Annotated Code)
2. No land shall be acquired for any State park which is in excess of the number of acres approved by the General Assembly for this park. The approval of the General Assembly shall be required for any revisions to the Maryland Outdoor Recreation and Open Space Plan prior to the initiation of any action to obtain additional land for any State park. (Art. 66C, Sec. 344B, Annotated Code of Maryland)
3. A project to be classified as a capital improvement shall have a useful life expectancy at least equal to the life of the bonds by which it is financed. (Art. 78A, Sec. 2, Annotated Code of Maryland)
4. Monies derived from the sale of State construction bonds shall be used only for capital improvements and for no other purpose. (Art. 78A, Sec. 2, Annotated Code of Maryland)
5. Unexpended funds remaining after a project is completed and accepted shall be applied to the reduction of the outstanding indebtedness of the State within one year after the date of final acceptance of the project by the State. (Art. 78A, Sec. 3, Annotated Code of Maryland)
6. State secretariats, departments and agencies shall transmit to the Secretary of State Planning a statement of all capital projects proposed to be undertaken for study, advice and recommendation by the Department of State Planning, for consideration as an inclusion in the capital program of the State. Such secretariat, department or agency shall also, upon request, submit such information and data to the Department of State Planning and the Department of Budget and Fiscal Planning as these agencies may require in the preparation of the program. The Department of State Planning shall receive the assistance of the Department of Budget and Fiscal Planning in connection with the preparation of the annual capital budget. (Art. 88C, Sec. 6, Annotated Code of Maryland)
7. The Governor shall provide in his annual budget a sum sufficient to establish a Revolving Preliminary Planning Fund under the jurisdiction of the Board of Public Works. For any project which is a part of the capital improvement program established pursuant to Section 6, funds may be made available upon recommendation of the Department of State Planning with the approval of the Board of Public Works, for preliminary plans, studies, design and outline specifications from the Revolving Preliminary Planning Fund. Such sums advanced shall be reimbursed to the Revolving Preliminary Planning Fund with the approval of the Board of Public Works out of the annual General Construction Loan Act, or from any other special loan fund separately authorized by the General Assembly or from general funds. (Art. 88C, Sec. 7, Annotated Code of Maryland)
8. All requests by State agencies for capital projects shall be submitted to the Department of State Planning before July 1 of the fiscal year prior to the fiscal year in which they are to be commenced unless the requesting department declares the project to be an emergency. (Art. 88C, Sec. 10, Annotated Code of Maryland)
9. No appropriations shall be authorized for preliminary funds unless the agency in question has submitted to the Department of State Planning a program describing in detail the purpose of the project for which funds are being requested. (Art. 88C, Sec. 10, Annotated Code of Maryland)
10. No changes shall be permitted in any project for which funds are requested after the preliminary plan has been completed and approved except upon the approval of the Secretary of the Department of State Planning and the Secretary of the Department of General Services. (Art. 88C, Sec. 10, Annotated Code of Maryland)
11. All requests by State agencies for capital projects shall be accompanied with a detailed listing of all expenditures proposed for capital improvements which will be funded from non-budgeted revenues or from grants of any kind. (Art. 88C, Sec. 10(d), Annotated Code of Maryland)

12. All State agencies shall notify the Department of State Planning of any real property which is excess to the needs of the State agency, or of any substantial change of any real property owned by the State. The Department of State Planning shall examine the proper disposition of such property, ascertain the interest, if any, of State agencies and local governments in such property, and make appropriate recommendations to the using agency and to the Board of Public Works. (Art. 88C, Sec. 12, Annotated Code of Maryland)
13. No work shall be started on any project without satisfactory assurances to the Board of Public Works that the project can be completed within the funds authorized. Except as otherwise provided in this Act (General Construction Loan Act), no department, board, commission, agency or institution of State government shall enter into an agreement with any political subdivision of the State in which the subdivision is authorized to make expenditures in support of any project listed in this Act when the expenditures are contingent upon future General Assembly appropriations. This restriction also applies to contingency agreements in support of those projects listed in the General Construction Loans of 1973, 1974, 1975 and 1976 which have not been approved by the Board of Public Works on the effective date of this Act. (These provisions are included in each General Construction Loan Act.)
14. If a project has not been contracted for within two (2) years from the effective date of the General Construction Loan Act, then such project shall be deemed to have been abandoned. (Chapter 229, Laws of Maryland 1972, carries provisions of Sec. 10 of Chapter 435 of the Acts of 1968, as amended by Chapter 512 of the Acts of 1970 relating to certain construction projects contained in the General Construction Loan Act of 1968)
15. Payment of State Debt. To provide that the annual tax required to be levied to pay the principal and interest on State debt authorized by the General Assembly is not levied if sufficient funds for the debt are appropriated in the annual State budget. (Amendment to Sec. 34, Art. III, Constitution of Maryland, ratified by the voters. November 7, 1972)

In addition to the foregoing specific legislative requirements, other directives have been issued which bear directly upon procedures and policies concerning budgeting and programming. They include:

1. A directive of the Governor specifies that members of the secretariat and other heads of all State departments and agencies shall submit their capital budget requests to the Department of State Planning on or before July 1 of the new fiscal year. Each State department and agency shall reduce their supplemental requests to those projects deemed to be an emergency at the time of submission or which adversely affect the health and welfare of the citizenry of the State of Maryland, and which, by their very nature, could not be included by the aforementioned deadline. These specific requests must be submitted to the Governor through the Department of State Planning, for their detailed evaluation prior to his approval. All departments shall continue to submit their proposed capital improvement projects constituting their five-year program.
2. Toward the objective of strengthening short-range and long-range programming and budgeting, the Executive Planning Process has been initiated as indicated in previous text. Impetus will be given by the operating departments to permit:
  - (a) periodic review of their short-range (5 years) and long-range (10 and 20 years) programs.
  - (b) specific assignment of responsibility for such short-range and long-range programming and budgeting within their agency.
3. Declaration of legislative intent:
  - (a) items which properly belong in the operating budget of the State shall not be included in the annual capital budget, especially those as related to repair and maintenance work, and minor equipment items. (See Classification and Code of Objects of Expenditures, Budget Bureau, Department of Budget and Fiscal Planning.)
  - (b) when an appropriation has been made for the preparation of preliminary plans and specifications for a capital project, such plans shall be in the hands of the Department of State Planning for at least six months before that agency is authorized to recommend inclusion of construction funds for the project in a construction loan.
  - (c) disapproval is expressed by the Finance Committees of the General Assembly of action by members of the secretariat and other heads seeking to by-pass the authority of the Department of State Planning by bringing rejected, deferred or unreviewed projects directly to the Finance Committees in a belated effort to have them included in the capital budget under consideration.
  - (d) bring into perspective the near term and future goals and supportive objectives through increased emphasis to short-range and long-range planning through submittal of programs which shall be updated annually.

To assist the State departments and institutions in the development of their annual capital budget, projections of capital needs for the five-year period, the Department of State Planning has issued and distributed to all departments a revised series of Planning Instructions, issued July 1, 1976, which spell out procedure and include sample forms for the preparation and submission of annual capital project requests and five-year projections of capital needs. Relative to preparation of short-range (five-year) and long-range (ten/twenty year) plans mandated by the Legislative and Execu-

tive branches of government, a "Manual for the Executive Planning Process" has been developed to facilitate Executive Planning Process (EPP) for Maryland State Government. Included therein under the Department of State Planning Plan Review is an inclusion stressing, appropriate to the Capital Improvement Programs Division's specific review, "Quantity and quality of information submitted in support of capital requirements section of plan should be compatible with previously distributed guidelines #6 and #7 in Instructions for the Preparation and Submission of Capital Project Requests" issued by the Department of State Planning.

### Capital Budgeting and Program Development

During the preparation of the 1978 Fiscal Year Capital Budget, the Department of State Planning reviewed 263 individual projects submitted by 67 major State agencies and institutions including those within the twelve established secretariats. (It should be noted that Senate Bill No. 347, Chapter 538, Laws of Maryland, 1976, creating a State Board for Higher Education, provided for a Commissioner of Higher Education who shall be a member of the Governor's Executive Council.) The estimated cost of the proposed projects approximates \$218,954,300. Individual project requests range from \$5,500 to \$26,000,000.

All projects requested for the 1978 Fiscal Year Capital Budget were designated by the departments as urgently needed and assigned priority ratings to serve as helpful guides in the screening process. Those projects which relate to safety, protection of property or loss of federal funds or other revenues and those which provide major savings in operational expenses; those urgently needed to preserve the integrity of an existing function; those needed to accommodate an approved increase in a given function or to accommodate a mandated new function were appropriately considered in priority fashion. All other types of projects should be deferred and programmed over the succeeding four-year period.

Preparation of a capital budget that will fulfill department needs without undue sacrifice or impairment of functions is a difficult task. Also, an additional consideration is the responsibility of holding new debt formation within sound fiscal parameters.

This report includes a tabulation of all capital projects, other than highways, mass transit, port and airport facilities, funded through the Consolidated Transportation Trust Fund of the Maryland Department of Transportation. Also shown are the non-State-owned assets as well as other projects separately funded from the annual General Construction Loan Act, which various State agencies and institutions propose be undertaken during the five-year period, 1978-1982.

The compilation of capital projects, presented in Part III of this report, provides a longer range perspective as to future capital needs and the estimated costs of financing required.

Included herein is a Management Calendar, Capital Budget, portraying an overview of the cyclical nature of most activities of the Capital Improvement Programs Division, Department of State Planning (see following page).

### Magnitude of Past and Projected Capital Needs and Basic Fiscal Data

During the 15-year period, 1962-1976, the General Assembly has authorized outlays aggregating \$3,095,950,181 exclusive of those projects funded through the Maryland Department of Transportation's Consolidated Trust Fund, e.g., highway construction, certain mass transit, port and aviation facilities. Of the aforementioned sum, \$1,123,536,208 was authorized for various *State-owned* capital assets as indicated:

Higher and Special Education .....	\$491,466,058
Health, Hospitals, Mental Retardation and Juvenile Services Facilities .....	144,152,800
Transportation (prior to the consolidated Transportation Trust Fund) .....	124,976,200
General Control (includes the Annapolis and Baltimore State Office Centers) .....	144,862,900
Natural Resources and Recreation .....	124,208,700
Public Safety and Correctional Services .....	87,535,850
Economic and Community Development .....	<u>6,333,700</u>
Total State-owned .....	<u>\$1,123,536,208</u>

PREPARATION OF SUPPLEMENT SHOWING PRELIM PLANS (SPEC) FINAL PRINTING AND DISTRIBUTION

The remaining \$1,972,413,973 was authorized, primarily, as direct grants for non-State-owned assets, largely to match local and Federal funds for which the State, substantially bears interest and amortization costs; for example:

Public Education .....	\$1,217,000,000
Other than Education (Environment, Health, Corrections, Economic and Community, Arts and Sciences and General Control) .....	637,537,073
Higher and Special Education .....	<u>117,877,900</u>
 Total Non-State-owned .....	 <u>\$1,972,414,973</u>

A more detailed presentation is provided in Part VI-B under Capital Improvements Authorized By the General Assembly for Non-State-Owned Capital Assets, 1962-1976.

During the 1976 Legislative Session, funds authorized for *State-owned* capital assets increased by \$64,466,000 whereas authorized appropriations for *non-State-owned* capital assets increased \$109,715,000. Included in the latter figure is \$50,000,000 attributable to the State Public School Construction and Capital Improvement Loan of 1976; \$500,000 renovation and improvement of academic buildings of Western Maryland College; \$450,000 for acquisition, renovation and capital improvements of a facility for the Maryland Institute, College of Art. The residual balance of \$58,765,000 is basically attributed to grants, some of which are on an equal match basis; e.g., Western Maryland College Loan of 1976; Maryland Institute of Art Loan of 1976; Maryland Housing Fund Loan of 1976; Home Financing Loan of 1976; Shore Erosion Control Loan of 1976; Baltimore City Convention Center Loan of 1976; and Loyola college Science Center Loan of 1976.

The State subdivisions' proposed requests for the six years (fiscal 1978-1983 inclusive) public school construction program approximates \$1,224,764,269. Funding of the Public School Construction Program and other non-State-owned projects is generally separate from the regular capital budget of the State agencies and institutions, the latter being financed through the General Construction Loan Act and General funds appropriations.

The impetus to provide new and expanded programs and services outside the State's capital budget needs careful monitoring. This involves the issuance of State bonds to provide direct grants in some cases, and in others, the use of the State's credit to finance non-State-owned facilities. Increased consideration is being given to expanded utilization of special revenue sources to provide for some capital facilities rather than increased State property tax assessment, e.g., District Court construction amortized by court fees and cash derived from the lease of capital assets, as a matter of sound accounting practice, be deposited in the Annuity Bond Fund.

During the three-year period, 1974-1976, inclusive, State bonds totalling \$695,047,000 were authorized by the General Assembly for the construction of *non-State-owned* facilities. Of this amount \$81,000,000 represents use of the State's credit and is repayable. The remaining \$265,916,823 of the \$960,963,823 totally authorized during the period represents State-owned facilities. To effectively monitor all these bond authorizations and maintain a complementary perspective on the State's General Construction Loan Act, an ongoing review for their respective evaluations has been implemented and is currently in the process of updating. This procedure is fully supported by the Office of the Governor, the Joint Budget and Audit Committee of the Legislative Council, the Comptroller's Office, the Department of Budget and Fiscal Planning, the Department of General Services, and the Department of State Planning. All proposals of bond bills involving the authorization of State general obligation bonds or revenue bond financing (exclusive of the Maryland Department of Transportation), their evaluation and recommendation are forwarded to the Governor and the pertinent committees of the General Assembly.

The following tabulation summarizes for the past five years the projected five-year capital needs submitted by the various State agencies and institutions as well as the annual capital budget requests and the annual capital appropriations (General Construction Loan Acts) authorized by the General Assembly:

Fiscal Year	Five Year Capital Program Submitted By Departments	Projects Requested For Annual Capital Budgets	Capital Budget Annual Appropriations Authorized By the General Assembly		
			Bond Funds	General Funds	Total
1977	763,938,400	209,194,900	64,901,500*	.....	64,901,500
1976	682,509,000	208,669,800	114,051,723**	.....	114,051,723
1975	568,254,900	173,055,700	92,202,100	.....	92,202,100
1974	626,393,600	157,629,300	108,564,900	.....	108,564,900
1973	583,347,900	181,621,600	95,430,500	.....	95,430,500

\*\$3,020,500 subject to veto

\*\*\$2,218,000 subject to veto

State agencies and institutions submitted requests as urgently needed for fiscal year 1978 totalling \$218,954,300. The recommended fiscal year 1978 capital budget totals \$92,046,000. Excluded from the above figures are the proposed projects associated with the Public School Construction Program for fiscal year 1978 which are to be financed through a separate bond bill. Also not yet decided are bond bill requests which will be submitted to the General Assembly covering Program Open Space, Centers for Senior Citizens, Nursing Homes, Community Mental Health Center Components and Mental Retardation Facilities, Veterans Education, Prince George's County Convention Center, Mt. Aetna Bridge on Antietam Creek and Baltimore County Jail.

The estimated five-year General Construction Loan capital needs projection total of \$821,804,200 indicates an average annual rate of capital outlay aggregating \$164,360,800. Last year, this amount totalled \$152,787,600. Five years ago, the average annual proposed capital expenditures approximated \$116,669,600. Increased current demands in the area of corrections, expansion of the concept of the community oriented facilities in the areas of health; hospitals; juvenile services; the response to governmental needs as evidenced by the Annapolis and Baltimore State Office Centers; the continuing though lessening impact of inflationary factors all portray important elements in the high sustained average annual estimated requirements.

During the five fiscal years 1971-1976, Maryland's population increased 3.7%.

Basic Fiscal Data\*

The data presented in this section are useful in evaluating the State's fiscal position. It should be remembered that referring herein to the State debt, the figures are exclusive of highway obligations which are serviced entirely by the dedicated highway use taxes and toll revenues. Also, certain capital expenditures funded through the Maryland Department of Transportation Consolidated Transportation Trust Fund have been similarly excluded.

STATE OF MARYLAND  
General Obligation Bonds Authorized But Unissued by Categories  
(in thousands)

The following table shows by categories the authorized but unissued general obligation bonds of the State at the end of each fiscal year shown and at August 31, 1976, together with the pro forma amount to be authorized but unissued after giving effect to the sale of the Bonds offered hereby:

At June 30	General Construction	Public School Construction	Water Quality	Sanitary Facilities and Sewage Treatment	Hospitals and Nursing Homes	Community Colleges and Vocational Schools	Airport Development	Urban Mass Transit	Other	Total
1972	\$324,332	\$371,105	\$ 89,413	\$10,591	\$1,491	\$28,062	\$56,000	.	\$114,256	\$ 995,250
1973	388,270	539,335	140,778	10,591	2,311	30,642	20,000	.	124,231	1,256,158
1974	426,009	636,935	190,778	10,591	2,276	37,642	20,000	.	166,546	1,490,777
1975	470,766	585,105	163,278	10,591	4,236	37,482	20,000	.	186,393	1,477,851
1976	312,193	472,405	213,278	10,591	3,960	33,837	.	.	199,698	1,245,962
August 31, 1976(a)	276,693	377,405	177,278	10,591	3,960	29,487	.	.	195,198	1,070,612
ProForma(c)	212,693	303,505	177,278	7,791	3,960	24,687	.	.	195,198(b)	\$ 925,112

(a) Reduced by Bonds sold July 1, 1976: \$35,500,000, General Construction: \$95,000,000, Public School Construction \$36,000,000, Water Quality: \$4,350,000, Community Colleges and Vocational Schools; \$4,500,000, Other.

(b) Includes \$67,966,061, Outdoor Recreation Land Loan; \$40,000,000, Home Financing Loans and other housing loans; \$35,000,000, Baltimore City Convention Center Loan; \$11,385,000, Dredging Spoil Loans; \$5,250,000, Maryland Insurance Development Fund Loan; and other miscellaneous loans.

(c) Explanation of Pro Forma amount - The "Pro Forma" balances indicate the balances by categories of bonds authorized but unissued after the sale of \$145,500,000 of General Obligation Bonds on October 13, 1976.

\* Based on data supplied by the Office of the Comptroller.

As of August 31, 1976, State bonds outstanding will aggregate \$2,011,133,000. As of the same date bonds "authorized but unissued" total \$925,112,714. Thus, as of August 31, 1976, the total State debt authorized amounts to \$2,936,245,714.

Included in the "authorized but unissued" figures are sizable loans for State Public School Construction and Capital Improvements, Outdoor Recreation Land Loans, Sanitary Facilities, Water Quality, Dredging Spoil, Area Vocational School Construction and Maryland Housing Fund Loans.

The total "authorized but unissued bonds" as of August 31, 1976, decreased by 37% as compared to the amount last year and are as follows:

Authorized but Unissued As of August 31, 1976 Pro Forma 11/1/76 Bond Sale	
General Construction Loan of 1964 .....	\$ 26,720
Sanitary Facilities Sewerage Loan of 1965 .....	663,780
General Public Regional Community College Construction Loan of 1965 .....	450,000
Sanitary Facilities Sewerage Loan of 1966 .....	1,235,961
General Public School Construction Loan of 1967 .....	150,000
Sanitary Facilities Sewerage Loan of 1967 .....	7,491,516
General Construction Loan of 1967 .....	338,838
General Construction Loan of 1968 .....	114,483
General Public Junior or Community College Construction Loan of 1968 .....	197,000
Water Quality Loan of 1968 .....	28,778,448
General Construction Loan of 1969 .....	474,531
General Public Regional Community College Construction Loan of 1969 .....	2,150,000
Dredging Spoil Loan of 1969 .....	11,385,000
Maryland Insurance Development Fund Loan of 1969 .....	5,250,000
Outdoor Recreation Land Loan of 1969 .....	67,966,060
General Construction Loan of 1970 .....	746,590
Mine Reclamation and Water Quality Loan of 1970 .....	2,500,000
General Public Junior or Community College Construction Loan of 1970 .....	35,000
General Public School Construction Loan of 1970 .....	1,695,000
General Construction Loan of 1971 .....	5,020,366
General Public Junior or Community College Construction Loan of 1971 .....	1,410,000
State Public School Construction and Capital Improvement Loan of 1971 .....	3,660,000
General Construction Loan of 1972 .....	6,153,574
Maryland Industrial Land Loan of 1972 .....	1,070,000
Nursing Home Loan of 1972 .....	860,000
General Public Junior or Community College Construction Loan of 1972 .....	4,545,000
State Public School Construction and Capital Improvement Loan of 1972 .....	19,600,000
Solid Waste Reclamation Loan of 1972 .....	950,000
Community Mental Health Center Loan of 1972 .....	500,000
General Construction Loan of 1973 .....	20,961,120
Water Quality Loan of 1973 .....	50,500,000
Community Mental Health Center Loan of 1973 .....	1,000,000
Maryland Veterans Cemeteries Loan of 1973 .....	3,000,000
State Public School Construction and Capital Improvement Loan of 1973 .....	54,400,000
Supplemental Public School Construction and Capital Improvement Loan of 1973 .....	5,000,000
General Construction Loan of 1974 .....	35,642,000
Lyric Theatre Renovation Loan of 1974 .....	2,500,000
Community Mental Health Center Loan of 1974 .....	500,000
Water Quality Loan of 1974 .....	50,000,000

Provident Hospital Loan of 1974 .....	600,000
General Public Junior or Community College Construction Loan of 1974 .....	6,500,000
Prince George's County Detention Center Loan of 1974 .....	800,000
Municipal Government Loan of 1974 .....	1,500,000
Montgomery County Detention Center Loan of 1974 .....	600,000
State Public School Construction and Capital Improvement Loan of 1974 .....	66,000,000
Resource Recovery Loan of 1974 .....	5,000,000
General Construction Loan of 1975 .....	81,333,723
General Public Junior or Community College Construction Loan of 1975 .....	9,400,000
Domiciliary Health Care Facilities Loan of 1975 .....	1,000,000
Seventeenth Century Sailing Vessel Loan of 1975 .....	75,000
Maryland Rehabilitation Housing Fund Loan of 1975 .....	10,000,000
State Public School Construcion and Capital Improvement Loan of 1975 .....	103,000,000
Garrett County Savage River Bridge Loan of 1975 .....	350,000
Nursing Home Loan of 1975 .....	2,500,000
Community Mental Health Center Loan of 1975 .....	750,000
Water Quality Loan of 1975 .....	48,000,000
Montgomery County Pre-Release Center Loan of 1975 .....	750,000
Home Financing Loan of 1975 .....	10,000,000
Memorial Stadium Loan of 1975 .....	850,000
Prince George's County Detention Center Loan of 1975 .....	3,000,000
Mansion House and the Maryland Building Loan of 1975 .....	2,000
General Construction Loan of 1976 .....	61,881,000
Western Maryland College Loan of 1976 .....	500,000
Maryland Institute of Arts Loan of 1976 .....	450,000
Choptank River Bridge Loan of 1976 .....	3,500,000
Maryland Housing Fund Loan of 1976 .....	10,000,000
Maryland Home Financing Loan of 1976 .....	10,000,000
Shore Erosion Control Loan of 1976 .....	1,000,000
Baltimore City Convention Center Loan of 1976 .....	35,000,000
Loyola College Sciences Center Loan of 1976 .....	1,850,000
State Public School Construction and Capital Improvement Loan of 1976 .....	50,000,000
	<u><u>\$925,112,714</u></u>

Of the \$925,112,714 bonds authorized but unissued, \$212,692,948 or 23 percent represents appropriations for State-owned projects, \$303,505,000 or 33 percent is appropriated for Public School Construction. The remaining 44 percent is for various local and private facilities including community and private colleges, water and sewerage projects, mine reclamation and cultural undertakings.

During the 1976 session of the General Assembly, total bonds authorized to finance capital outlays aggregated \$174,181,000, of this sum \$61,881,000 in bonds were authorized for State-owned projects, \$50,000,000 in bonds were authorized for Public School Construction and the remaining \$62,300,000 was authorized for non-State-owned improvements.

Authorizations in 1975 were \$363,955,723; \$412,827,100 in 1974 and \$463,564,900 in 1973.

# STATE OF MARYLAND

## General Obligation Bonds Issued and Outstanding by Categories

The following table shows by category the principal amounts of outstanding general obligation bonds (i) at the end of each of the fiscal years shown and at August 31, 1976, and (ii) as adjusted to give effect to the sale of the bonds offered hereby:

(in thousands)

At June 30	General Construction	Public School Construction	Water Quality	Sanitary Facilities and Sewage Treatment	Hospitals and Nursing Homes	Community Colleges and Vocational Schools	Airport Development	Urban Mass Transit	Other	Total
1972	\$233,096	\$244,537	\$32,740	\$51,330	\$50,635	\$68,923	\$ 4,025	\$25,000	\$165,890	\$ 876,176
1973	252,506	344,376	51,065	48,492	47,325	72,497	39,765	25,000	137,638	1,018,664
1974	270,664	440,651	49,355	44,717	44,625	68,774	39,460	23,940	138,805	1,120,991

Assessed Valuation .....	18c	18c	21c	21c	21c	21c	
Tax Rate set April 20, 1976 for FY 1977 .....							23c

(a) Shows amounts of bonds outstanding at the end of the fiscal years shown (June 30).

(b) Shows the percentage of increase of the dollar values over the preceding year's amount.

(c) Amounts for assessed valuation and full valuation are stated as of January 1 of the year shown. January 1 of each year is the date of finality of assessments for the fiscal year beginning July 1, immediately following. Assessed valuation for all periods is based upon 100% of fair market value for personal property and public utility property. For valuation dates beginning January 1, 1974 (tax collections for fiscal years beginning July 1, 1974), assessed valuation is based upon 50% of fair market value of real property. Prior to that date during the periods shown, assessments of real property were based upon 60% of fair market value. The State makes annual assessment sales ratio surveys to determine, among other things, the actual results of the application of the valuation methods. Due to the change in the basis and frequency of valuation during the period shown, and other revisions of the system, amounts developed on the basis of the survey ratios may not be comparable during the periods; accordingly, the amounts shown in the above tabulation have been calculated by dividing the actual assessed real property valuations by the applicable percentage in effect during the periods. This method tends to understate the full valuation amounts shown in each period. Based upon the available data, it is believed likely that the amounts shown for full valuation in 1971, 1972, and 1973 are understated to a greater degree than the amounts shown for 1974 and subsequent years.

(d) The debt ratios are expressed as the principal amounts of outstanding debt as percentages of (i) assessed value (ii) estimated full value, and (iii) personal income, respectively. The debt service ratios are expressed as the total annual amounts of debt service as percentages of revenues.

(e) Population is stated in thousands.

(f) For the calendar year ended December 31 of the year shown.

(g) Amount of debt service and revenues are the respective amounts shown in the Combined Summary of Revenues, Expenditures and Surplus and Fund Balances on page F-1. (See Prospectus, State of Maryland, dated October 3, 1976).

## Bond Sales and Interest Costs

The following tabulation shows the variation in the amount of bond sales and net interest costs to the State on each sale of bonds between February 1972 and October 1976.

<u>Date of Bond Sale</u>	<u>Amount</u>	<u>Net Interest Cost</u>
October 1976	145.5 million	4.8690%
June 1976	175.0 million	5.4808
March 1976	89.0	5.5267
October 1975	85.9	5.2772
July 1975	155.7	5.97348
May 1975	89.2	5.5698
February 1975	84.1	5.51092
November 1974	95.3	5.6448
September 1974	85.0	5.8884
February 1974	50.0	4.6019
November 1973	57.9	4.6485
August 1973	54.3	4.93136
March 1973	100.0	4.7376
July 1972	93.5	4.5255
February 1972	64.7	4.29739

### Highlights:

The fiscal data reported herein discloses the following pertinent facts:

	<u>August 31, 1976</u>	<u>August 31, 1975</u>
1. Total State Debt Outstanding .....	\$2,011,133,000	\$1,557,864,000
Supported by State Property Tax .....	955,399,000	574,031,000
Not Supported by State Property Tax .....	<u>1,055,734,000</u>	<u>983,833,000</u>
Total Bonds "Authorized But Unissued" .....	925,112,000	1,308,141,829
Supported by State Property Tax .....	566,030,940	662,520,769
Not Supported by State Property Tax .....	359,081,060	645,621,060
Total State Debt Already Authorized .....	<u>\$2,936,245,000</u>	<u>\$2,866,005,829</u>
2.		
Total General Obligation Bonds Authorized General Assembly 1976-1974	Non-Repayable Grants	State Facilities Including Public School Construction
		Use of State's Credit Repayable
<u>\$960,963,823</u>	<u>\$192,047,000</u>	<u>\$81,000,000</u>

### 3. Bonds Authorized But Unissued - August 31, 1976

<u>Total</u>	<u>Non-State-Owned Facilities</u>	<u>Percent</u>	<u>State-Owned Facilities</u>	<u>Percent</u>
\$925,112,000	\$712,419,352*	77%	\$212,692,648	23%

\*Includes School Construction \$303,505,000

The figure of \$712,419,352 non-State-owned facilities represents a decrease of 29% as compared to the previous year.

The State's assessable base continues its steady growth having advanced from \$19,930,800,000 in January, 1971 to \$31,102,900,000 in 1976. The increase has been at an average rate, approximately eleven percent per year. Since 1971, the assessable base has increased 56.1%. This steady growth in the assessable base indicates the sound growth of the overall economy of the State.

### 4. Bond Retirements and Disbursement for Debt Service:

During the 1977 fiscal year, State general obligation bonds in the amount of \$92,633,000 will be retired, of which \$51,024,000 represents bonds serviced by the State property tax. Disbursements for debt service (redemptions and interest) during this period will total \$184,751,000, of this amount, \$88,092,000 represents debt service charges being repaid the State.

The fiscal position of the State remains healthy as indicated by the continuance of the triple "A" rating assigned to the State's latest bond issues.

In conclusion, to effectively fulfill the ever increasing needs for State-Owned facilities and to insure a measure of stabilization in the State's structural indebtedness, careful attention should be given to:

- (1) The total bonds, "Issued and Outstanding" (State and Non-State-owned facilities)
- (2) The magnitude of total bonds, "Authorized but Unissued" (Potential debt)
- (3) The issuance of bonds to provide direct grants to Non-State-Owned facilities.
- (4) Further extension of the use of the State's credit to local subdivisions and/or sanitary districts and medical facilities.
- (5) Maximum use of pay-as-you-go funding as an alternative to general obligation bond financing.

## PART II

### LISTING OF CAPITAL IMPROVEMENTS FOR FISCAL YEAR 1978

The Fiscal Year 1978 Capital Improvements Program consists of 109 individual projects totaling \$111,282,000. The improvements will be funded by three methods, which are:

1. Authorization of the General Construction Loan of 1977 in the amount of \$92,046,000.
2. Appropriation of General Funds in the amount of \$6,164,900.
3. Amendments to prior General Construction Loan appropriations to transfer \$13,071,100 of unused funds.

Some of the major projects in the Capital Budget include: construction of an Executive-Archival Building in Annapolis, a National Guard Armory in the Towson area, a Comprehensive Mental Health Center in Chestertown, an annex to the House of Correction in Jessup, a Medium Security Housing Unit at the Correctional Training Center, a State Police Barracks, a School of Pharmacy Building at the University of Maryland in Baltimore City, an addition to the Academic Center at the University of Baltimore, a Public Broadcasting TV transmitter in Oakland, renovation of the State House roof and renovation of commercial property in Baltimore for use as a prison or possibly construction of a new facility on the site. Other projects are for the improvement of existing facilities, to equip new facilities and to develop the plans necessary for future needed improvements.

The Budget is distributed among State agencies as shown in the following tabulation:

#### Capital Improvements Summary By Department And By Major Function

Office on Aging .....	\$ 25,000
Board of Public Works .....	13,845,000
Military Department .....	1,636,000
Department of Natural Resources .....	663,000
Department of Health and Mental Hygiene:	
Laboratories Administration .....	20,000
Aged and Chronically Ill Services Administration .....	1,528,000
Mental Hygiene Administration .....	9,195,700
Mental Retardation Administration .....	1,201,400
Juvenile Services Administration .....	1,253,000
Department of Public Safety and Correctional Services:	
Division of Correction .....	49,911,600
Maryland State Police .....	1,115,000
Department of Education .....	1,620,000
Maryland School for the Blind .....	65,000
Morgan State University .....	85,000
University of Maryland .....	19,443,800
State Universities and Colleges .....	8,652,000
St. Mary's College of Maryland .....	114,000
Maryland School for the Deaf .....	20,000
Maryland Public Broadcasting Commission .....	328,500
Department of Economic and Community Development:	
Maryland Historical Trust .....	500,000
St. Mary's City Commission .....	60,000

GRAND TOTAL .....\$111,282,000

By major functions, the proposed 1977 Capital Budget is divided as follows:

	<u>Amount</u>	<u>Percent of Total</u>
General Control .....	\$ 15,506,000	13.9
Natural Resources .....	663,000	.6
Health, Hospitals and Juvenile Services .....	13,198,100	11.9
Public Safety & Correctional Services .....	51,026,600	45.8
Higher and Special Education .....	30,328,300	29.3
Economic and Community Development .....	560,000	.5
 TOTAL .....	 \$111,282,000	 100.0

In many cases, the projects under consideration will increase future operating expenses. Departments in the State are required to include an estimate of these increased costs in their project submissions. A summary of this impact is as follows:

Estimated increase in Salaries and Wages .....	6,117,200
Estimated increase in Other Operating Expenses .....	2,479,850
Estimated cost of Initial Supplies and Equipment .....	2,498,900
 TOTAL .....	 \$11,095,950

It should be noted that this increase will not occur in one year, but will be phased incrementally as each project becomes fully operational.

### PART III

#### DEPARTMENT CAPITAL NEEDS PROPOSED FOR FIVE-YEAR PERIOD 1978-1982

This section lists all capital needs, other than those associated with the Department of Transportation or financed through special bond authorizations, which the various State departments and institutions requested be undertaken during the five-year period, fiscal 1978-1982.

The grand total of these projects requested in the calendar year 1976 for inclusion in the State's five-year capital program is \$821,804,200†. This represents an average annual capital outlay request of \$164,360,800. Individual project requests for fiscal years 1978-1982 ranged in scope from a low of \$5,500 to a high of \$26,000,000 (Acquisition of Biddle Street property for a correctional facility.)

The tabulation and summary which follow serve to give a longer range perspective as to future capital needs and the overall level of required capital outlay by the State. It is important to note that none of the projects, other than those recommended in the fiscal 1978 capital budget, have been officially approved. It should be further noted that each principal department of State Government has been requested to prepare, by May 1 of each year, a long-range and short-range plan in consonance with the Executive Planning Process (EPP). Guidelines have been prepared and are available to assist in the development of these plans. Also, the Department of State Planning, with the collaboration of the Office of the Comptroller, the Department of Budget and Fiscal Planning, the Department of Fiscal Services and the Treasurer's Office, is in the process of developing an improved and refined process leading to a more realistic Five-Year Capital Improvements Program which will include the Capital Budget as well as other separate bond authorization bills, excluding those pertaining to transportation.

It should be remembered that those projects requested for fiscal 1978 which have been deferred or deleted, for varying reasons, affect the capital needs proposed in ensuing years. An indication of the magnitude of specific requests are: Fiscal 1978, two hundred sixty-three (263) projects; Fiscal Years 1979-1982, inclusive, five hundred twenty-seven (527) projects for a grand total of seven hundred and ninety (790) projects.

The projects listed herein which are included in the 1977 Capital Budget (Fiscal Year 1978), and which are to be financed with general obligation bond funds, are designated by a dagger (†). The amount recommended to be appropriated for each project may differ from the sums initially requested by the various departments and institutions. Those differences are due primarily to adjustment in project scope, late additions and/or deletions and revised estimate costs. Cost figures represent cost to the State and do not include Federal funds available or anticipated.

Included herein are appropriations from General Funds for capital projects recommended by the Department of State Planning totaling \$6,164,900. Such projects have been italicized and properly footnoted as General Fund appropriations and are not included in the totals for the capital budget. In addition, \$11,400,000 representing transfer funds for prior appropriations for purchase of the Anne Arundel Co. garage and county office building are to provide funds for increased capacity, Central Utility Plant; construction of Executive Office and State Archives Building and the renovation of the State House Exterior; all these being located at the Annapolis State Office Center. These projects, as indicated above, have been similarly italicized and footnoted. Equipment Transfers from prior General Construction Loan Acts aggregating \$1,671,100 have not been included.

Environmental assessment forms have been submitted for appropriate projects. Non-budgeted funds for capital projects are footnoted.

Where italicized figures are shown, they are for informational purposes only and are not reflected in overall totals.

---

† As amended — see appropriate footnotes.

#### PART IV

### POTENTIAL COMMITMENT OF FUTURE CONSTRUCTION FUNDS CREATED THROUGH APPROPRIATIONS OF PLANNING FUNDS

Planning funds is a term applied to an appropriation for:

(a) Preliminary Planning Funds—any necessary study including the development of preliminary plans and specifications for a major construction project.

(b) Detailed Plans and Specifications—the preparation of final working drawings which specify in detail the specific design and capacities for a construction project upon which basic bids are submitted.

By law, the preliminary plans and specifications must be available at the time that the General Assembly is requested to appropriate construction funds for a project. The State follows this practice in order to provide for: (1) needed engineering or other preliminary studies; (2) the development of better facility programs and plans; and (3) more accurate project cost estimates—all in the interest of obtaining the best facility for the least cost.

While it does not hold that construction funds will inevitably be provided in the first or second year following the appropriation of planning funds, there does exist a potential commitment of construction funds in the future.

The tabulation herein provided, covering planning funds in prior construction loans, discloses such a potential (based upon the Agency's cost estimate) approximating \$250,934,700. Projects for which planning fund appropriations are proposed in the FY 1978 Capital Budget will aggregate \$36,687,700 in projected construction costs.

The total estimated costs indicated above are net of anticipated federal funds which are or may become available.

**PART IV-A**  
**POTENTIAL COMMITMENT OF FUTURE CONSTRUCTION FUNDS**  
**CREATED THROUGH APPROPRIATIONS OF PLANNING**  
**FUNDS IN PRIOR CONSTRUCTION LOANS**

in the Annapolis area; to consider whether existing structures should be restored or new construction erected, in either event to be compatible with the historical architectural atmosphere of Annapolis; and if a need for such facility be established, to justify such need to the General Assembly and to submit such plans and analyses through the normal budgetary processes prior to any further action with respect to such facility. . . . . \$ 72,000

For planning and analysis of the proposed location and construction of an "Executive House"; to ascertain the existence, or lack thereof, of a need for such a facility and if such need be evident, to determine the best location for such a facility with consideration to be given to the State Circle areas, Saint Johns Street area, the Arundel Center on Calvert Street, and other available locations in the Annapolis area; to consider particularly in the event the State Circle area is proposed, whether existing structures should be restored or new construction erected, in either event to be compatible with the historical architectural atmosphere of Annapolis; and if a need for such facility be established, to justify such need to the General Assembly and to submit such plans and analyses through the normal budgetary processes prior to any further action with respect to such facility 45,000

Install electrical and mechanical improvements in the Senate Office Building . . . . . 325,000

Installation of partitions and other alterations to various buildings in the State Office Complex, Annapolis. . . . . 150,000

State's share of acquisition and construction of a parking structure to be constructed by Anne Arundel County on property bounded by Washington, Clay, and Calvert Streets, Annapolis, Maryland, for the purpose of providing 300 parking spaces more or less to be used and controlled exclusively by the State. Preliminary plans are to be approved by the Board of Public Works upon the recommendation of the Departments of General Services and State Planning. The Board of Public Works may determine the conditions for use of these spaces. The appropriation is contingent upon the execution of an agreement approved by the Board of Public Works between the State and Anne Arundel County granting to the State ownership or the equivalent of 300 parking spaces more or less and providing for a proportionate sharing of the costs of operation and maintenance of the facility. . . . . 1,000,000

---	-----------	-----------

G.C.L.	1975	To supplement the appropriation "Design and preparation of detailed plans and specifications for one State Office Building for the Department of Agriculture..." as shown on page 1263 of the Acts of 1974; Section 8 of Chapter 289 of the Acts of 1974 being hereby modified to the extent that said work may begin upon satisfactory assurances to the Board of Public Works that said project can be completed with the aggregate of the funds herein and heretofore appropriated for that purpose . . . . .	90,000 <sup>1</sup>	
--------	------	--	---------------------	--

Acquisition of land and parking garage currently under construction by Anne Arundel County at Washington, Clay and Calvert Streets, Annapolis, for the purpose of providing the State with additional parking and making available to Anne Arundel County, at the State's convenience, 300 parking spaces, more or less. Upon approval of an agreement to purchase the land and parking garage from Anne Arundel County at a price not to exceed \$5,600,000, the appropriation made by Chapter 195 of the Acts of 1973 providing \$1,000,000 as the State's share as acquisition and construction of a parking structure, is amended to authorize that appropriation to be used for the acquisition of land and the parking garage as set forth in this appropriation. Any agreement making available 300 parking spaces, more or less, to Anne Arundel County shall provide that Anne Arundel County shall share proportionately in the costs of operating and maintaining the facility. The agreement shall be subject to approval by the Board of Public Works after receiving the recommendations of the Department of General Services and the Department of State Planning . . . . .	4,600,000	4,690,000

G.C.L.	1964	Acquisition of additional land .....	300,000
G.C.L.	1965	Expansion of camping facilities (25 sites), Hollofield Area, including construction of washhouse, roads, and extension of utilities .....	35,000
G.C.L.	1968	Preparation of master development plan and design of approximately 2½ miles of road between Hollofield Area and Route U.S. 40 .....	40,000

<sup>1</sup>Time extended on availability of funds to June 1, 1970 (Chapter 409, Acts of 1968).

# **DEPARTMENT OF NATURAL RESOURCES—(Continued)**

Completion of the Hilton Avenue Camping Area through construction of a road and extension of utilities, conversion of vault toilet, construction of sewage lift station and sewer lines in the Hollofield Area . . . . .

\$ 70,000      \$110,000

G.C.L.	1970	Acquisition of 614 acres of Woodstock College property as an addition to Patapsco State Park providing the College grants the state the privilege of leasing the remaining 64 acres and College buildings thereon, with an option to purchase . . . . .	600,000
--------	------	---	---------

G.C.L.	1971	Construction of relocated Gun Road, bridge and culvert—Orange Grove and Ilchester area . . . . .	370,000
--------	------	--	---------

G.C.L.	1972	Design and preparation of detailed plans and specifications for park development in the new Hollofield area to include roads, parking areas, utility systems and facilities to support the picnicking, hiking trails, and activity areas . . . . .	200,000
--------	------	--	---------

G.C.L.	1973	Construction of park office and two new Shop and Storage Buildings, utilities and 100 x 200 foot fenced service area contingent upon submission of an application for federal funds. Any federal funds received for this project will serve to reduce this appropriation. . . . .	263,000 <sup>1</sup>
--------	------	---	----------------------

Design and construction of the following day-use facilities in the Avalon Picnic Area: two picnic shelters, two comfort stations utilities, roads, grading, site improvements and parking areas subject to the approval of the plans by the Department of State Planning and the Department of General Services prior to construction . . . . .

863,300

Planning and preparation of preliminary plans and specifications for the development of areas II, III, IV. The preliminary plans in the flood plain area shall be submitted to the Water Resources Administration for their approval. The preliminary plans for the whole area shall be reviewed and mutually agreed upon by the Departments of Natural Resources, General Services and State Planning . . . . .

220,000      1,346,300

G.C.L.	1974	Construction of roads, parking, support buildings and utilities destroyed by tropical storm Agnes in Ilchester area. Any federal funds received toward this project by the Department of Natural Resources shall serve to reduce this appropriation or shall be transferred to the Annuity Bond Fund and applied to the debt service requirements of the State . . . . .	2,460,000 <sup>2</sup>
--------	------	--	------------------------

		Construction of group picnicking facilities to include roads, control gate, parking overlook, utilities and drinking fountains in the Hollofield Area. . . . .	1,250,000      3,710,000
--	--	--	--------------------------

G.C.L.	1975	Construction of support buildings in the Hollofield group picnic area to include contact station, comfort stations, picnic shelters and utilities:	
--------	------	--	--

		Construction . . . . .	630,000
--	--	------------------------	---------

		Utilities . . . . .	100,000      730,000
--	--	---------------------	----------------------

G.C.L.	1976	Hollofield Area: Renovation and expansion of automotive repair facility . . . . .	100,000
--------	------	---	---------

		Hilton Area: Preparation of detailed plans and specifications for an office Administration Building . . . . .	10,000      110,000
--	--	---	---------------------

		<b>TOTAL . . . . .</b>	<b>\$7,646,300</b>
--	--	------------------------	--------------------

## **PATUXENT RIVER STATE PARK**

G.C.L.	1963	Acquisition of additional land for State Park . . . . .	150,000
--------	------	---	---------

G.C.L.	1964	Acquisition of additional land . . . . .	250,000
--------	------	--	---------

G.C.L.	1965	Acquisition of land . . . . .	250,000
--------	------	-------------------------------	---------

G.C.L.	1966	Land acquisition (400 acres). . . . .	200,000
--------	------	---------------------------------------	---------

<sup>1</sup> Amended in the 1974 Legislative Session for the purpose shown (Chapter 406, Acts of 1974).

<sup>2</sup> Time extended on availability of funds to June 1, 1978 (Chapter 774, Acts of 1976).

**DEPARTMENT OF NATURAL RESOURCES—(Continued)**

G.C.L.	1967	Land acquisition (148 acres) . . . . .		\$ 200,000
G.C.L.	1968	Land acquisition (approximately 335 acres) . . . . .	\$500,000	
		Contingent upon the enactment into law of HB 902 and 903 and/or SB 439 and 440 of 1968 and the qualification thereunder of the Department of Forests and Parks' waste treatment facilities for reimbursement of Federal and State Funds under provisions of said bills, the Board of Public Works is authorized to apportion reimbursed funds for completion of Master Plan . . . . .	15,000	515,000
		<b>TOTAL</b> . . . . .		<b>\$ 1,565,000</b>

**PATUXENT RIVER WATERSHED**

G.C.L.	1963	Acquisition of land in the Patuxent River Watershed located in Montgomery, Howard, and Prince George's Counties, through the matching of funds appropriated by those counties in accordance with Chapter 450 of the Acts of 1961 . . . . .		350,000
G.C.L.	1964	Acquisition of land in the watershed area through the matching of funds appropriated by Montgomery and Prince George's Counties . . . . .		250,000
G.C.L.	1965	Acquisition of land in the Patuxent River Watershed located in Howard, Montgomery, and Prince George's Counties through the matching of funds appropriated by those counties in accordance with Chapter 450 of the Acts of 1961, provided that \$200,000 of this appropriation which is for Howard County is contingent upon the enactment of both Senate Bill No. 436 and House Bill No. 730 of the 1965 Regular Session . . . . .		510,000
G.C.L.	1966	Acquisition of land in the Patuxent River Watershed located in Montgomery and Prince George's Counties, through the matching of funds appropriated by those counties in accordance with Chapter 450 of the Acts of 1961 . . . . .		400,000
G.C.L.	1967	Acquisition of land in the Patuxent River Watershed located in Montgomery, Prince George's, Anne Arundel and Howard Counties, in accordance with Chapter 450 of the Acts of 1961 . . . .		633,000
G.C.L.	1968	Acquisition of land in the Patuxent River Watershed located in Anne Arundel, Howard and Prince George's Counties, through the matching of funds appropriated by those counties in accordance with Chapter 450 of the Acts of 1961 . . . . .		695,000
G.C.L.	1969	Land acquisition in the Patuxent River Watershed located in Anne Arundel, Howard and Prince George's Counties, through the matching of funds appropriated by those counties in accordance with Chapter 450 of the Acts of 1961 . . . . .		876,000
		<b>TOTAL</b> . . . . .		<b>\$3,714,000</b>

**POCOMOKE STATE FOREST**

G.F.	1966	Acquisition of land . . . . .		7,500
G.F.	1970	Construction of a Storage Building . . . . .		55,000 <sup>1</sup>
		<b>TOTAL</b> . . . . .		<b>\$ 62,500</b>

**POINT LOOKOUT STATE PARK**

G.C.L.	1962	Land acquisition (approximately 400 acres) . . . . .		305,000
G.C.L.	1965	Acquisition of land and improvements . . . . .	200,000	
		Initial development of park, including construction of roads and parking areas, beach, bathhouse and development of 50 camp sites, 100 picnic sites and required support facilities . . . . .	280,000	480,000
G.C.L.	1966	Phase I, Stage "B" development to include entrance and office, Shop and Storage Building, 50 camp sites, two washhouses, day use and supporting facilities, roads, parking, and beach development and protection measures . . . . .		450,000

<sup>1</sup> Time extended on availability of funds to June 1, 1974 (Chapter 229, Acts of 1972).

**DEPARTMENT OF NATURAL RESOURCES—(Continued)**

G.F.	1967	Phase I, Stage "C" development to include roads and parking areas, sewerage facilities, utilities, dredging and bulkheading, picnic facilities, comfort station, and concession building . . . . .		\$ 245,000
G.C.L.	1969	Continued development to include roads and parking areas, sewerage facilities, utilities, dredging and bulkheading, picnic facilities, comfort station, and concession building . . . . .		245,000
G.C.L.	1970	Development of administration, service and swimming areas to include office and administration center, roads and parking, maintenance building, roads and service yard, and bathhouse and concession building, water and electricity . . . . .		353,000
G.C.L.	1971	Installation of shore erosion control measures . . . . .		348,000 <sup>1</sup>
G.C.L.	1972	Design and construction of a service center, day-use nature interpretive area, foot-service vehicle bridge, paving of existing camp loop roads, group camping area, picnic area improvements, fishing areas, and utilities . . . . .		\$1,035,600 <sup>1</sup>
G.C.L.	1973	Construction of shore erosion protection measures (Approximately 2,000 LF) . . . . .	\$251,600	
		Design and preparation of detailed plans and specifications for construction of shore erosion protective measures (Approximately 2,800 LF) . . . . .	30,000	281,600
G.C.L.	1974	Continuation of shore erosion protection on the Chesapeake Bay side of the park . . . . .		410,000
		<b>TOTAL . . . . .</b>		<b>\$3,908,200</b>
<b>POTOMAC STATE FOREST</b>				
G.F.	1966	Construction of Shop and Storage Building . . . . .		25,000
G.C.L.	1974	Renovation of existing Superintendent's residence . . . . .		15,000
		<b>TOTAL . . . . .</b>		<b>\$ 40,000</b>
<b>ROCKY GAP STATE PARK</b>				
G.C.L.	1962	Land acquisition . . . . .		100,000
G.C.L.	1963	Acquisition of additional land . . . . .		150,000
G.C.L.	1964	Acquisition of additional land (approximately 1,500 acres) . . . . .		250,000
G.C.L.	1965	Planning and preparation of detailed plans and specifications for construction of an impounding dam . . . . .		85,000
G.C.L.	1966	First phase of construction of dam and initial site development:		
		Dam construction . . . . .	250,000	
		Site development . . . . .	150,000	400,000
G.C.L.	1967	Second phase construction to complete dam . . . . .		552,000
G.C.L.	1968	Land acquisition (approximately 660 acres) . . . . .	170,000	
		Development to include planning complete sewer and water systems and the installation of sewer and water lines crossing lake; completion of dam; design and initial construction of beach and boating facilities; relocation of service road to beacon on Evitts Mountain . . . . .	180,000 <sup>3</sup>	350,000
G.C.L.	1969	Continuation of developments required prior to flooding of lake to include water storage and distribution system; beach development; and access roads and parking . . . . .		410,000
G.C.L.	1970	Development of primary road system, water system and electrical extensions . . . . .		284,000 <sup>4</sup>
G.C.L.	1971	Construction of beach and picnic facilities and maintenance and storage complex to include bathhouse, concession building, 3 comfort stations, parking, maintenance building, maintenance yard, storage building and access roads . . . . .		351,000
G.C.L.	1972	Construction of Day-Use, Family and Group Picnicking areas:		
		Roads (7,400 L.F.) . . . . .	132,700	
		Parking areas (621 cars) . . . . .	164,000	

<sup>1</sup>GCL 1971 amended in 1972 Legislative Session to eliminate the requirement for Federal assistance (Chapter 229, Acts of 1972).

<sup>2</sup>Time extended on availability of funds to June 1, 1976 and amended for the purpose shown. (Chapter 406, Acts of 1974).

<sup>3</sup>G.C.L. 1968 amended in 1969 Legislative Session to permit expenditure of these funds for the purposes shown (Chapter 737, Acts of 1969).

<sup>4</sup>Time extended on availability of funds to June 1, 1974 (Chapter 229, Acts of 1972).
